PROFESSIONAL EXPERIENCE

Barbara J. Burger iZone *Rochester, NY*
Marketing Assistant, Graphic Design Team *August 2026 – present*

- Design social media graphics using Adobe Photoshop, Illustrator, Lightroom, Figma, and Canva, maintaining brand guideline consistency.
- Planned and executed TEDx event programming, promotional flyers, social media and visual campaigns to drive audience engagement.
- Coordinate cross-functionally with event staff and marketing teams on logistics, timeline, and marketing asset delivery to ensure execution.
- Maintain organized digital asset libraries and design templates, streamlining creative workflows for future marketing and event initiatives.

Peaceland Research, University of Rochester and Rochester Institute of Technology *Rochester, NY*
UX/UI Design, Narrative Research Assistant *January 2026 – July 2026*

- Led qualitative user research and cross-functional collaboration with art, UX/UI, and development teams to shape product narrative and design.
- Developed a fully functional interactive game prototype from concept through user testing, iterating on design based on player feedback.
- Conducted field playtesting, stakeholder interviews across 4 international regions, synthesizing feedback into iterative product improvements.
- Presented research findings and prototypes to external stakeholders at Imagine RIT, and at the Schwartz Discover Scholar Showcase.

LEADERSHIP EXPERIENCE

Rochester Design Hub - Executive Board *May 2026 – present*

- Headed cross-functional design teams, directed website management (UX/UI), steered graphic design initiatives from concept to execution.
- Drive brand identity and content strategy on social platforms while applying visual design principles to boost overall audience engagement.
- Collaborate with cross-functional stakeholders to align design deliverables with broader organizational branding and marketing objectives.

Society of Women Engineers - Professional Development Committee *January 2026 – present*

- Lead event logistics and conference preparation for a professional student organization advancing women in STEM and engineering fields.
- Drive community outreach and stakeholder engagement, building partnerships to expand program visibility across the Rochester area.
- Expand professional development, mentorship opportunities, and connecting members with resources to support careers in engineering.

Girls Who Code - Executive Board *September 2025 – present*

- Championed event planning and technical workshop delivery to drive member engagement and hands-on learning in coding education.
- Manage social media strategy and content creation across platforms, boosting brand visibility and audience reach in the community.
- Cultivate inclusive learning environment, mentoring members and promoting STEM engagement through accessible, hands-on programming.

PROJECTS

Soulshine - Digital Wellbeing Website | anagalicportfolio.com/soulshine *January 2026 – May 2026*
UX/UI & Visual Design

- Designed a responsive, user-centered Soulshine website in Figma, a digital wellbeing platform helping users protect their attention and focus.
- Crafted branding, logo, light and dark-mode design system, applying visual hierarchy and storytelling to communicate the value proposition.

VALS - AI Voice Assistant | anagalicportfolio.com/vals *August 2025 – December 2025*
Product Design & Front-End Development

- Prototyped a user-centered, AI-powered web app in Figma converting documents into audio summaries in 6 languages, prioritizing inclusivity.
- Developed branding, design systems, user flows, wireframes, and high-fidelity prototypes, optimizing usability and information architecture.
